The ecolabelling organization hereby grants permission to the licensee named in the above to use the Nordic Ecolabel as provided for by this licence or in conjunction with products meeting the requirements of the appropriate criteria document. The certification is also valid in Denmark, Finland, Iceland and Sweden but a formal registration is required for each country.

Ecolabelling Norway shall notify the licensee of any alterations in the criteria document.

The ecolabel licence is valid subject to the condition that the licensee adheres to the "Regulations for Nordic Ecolabelling of products" and the ecolabelling criteria which apply for the product group. The licensee shall undertake to indemnify the ecolabelling organization for damages or any other financial claims which may arise from damage caused by products manufactured and/or sold by the licensee, including faults or defects in the product itself.

The licence is valid for the period stated above, or until the licensee or the ecolabelling organization terminates upon three months notice. This ecolabelling licence may not be transferred to any third party.
